

NORTH CAROLINA AGRICULTURAL AND TECHNICAL STATE UNIVERSITY

Section V—RESEARCH 4.0

STUDENT FUNDING ON RESEARCH AWARDS

UNIT POLICY--DORED

The University encourages the inclusion of funding to support undergraduate and graduate students on all research awards and sponsored programs when permitted by the sponsoring agency. Such support may be in the form of student wages, stipends, tuition, scholarships and fellowships, which fall in the following budget categories and descriptions:

Object Code	Description
61112	Graduate Research Assistant
61114	Graduate Research Assistant - Summer
61450	Undergraduate Wage
61451	Graduate Hourly Wage
61452	Graduate Non-Hourly Wage
76591	Scholarships (Tuition/Fee)
76592	Stipends
76593	Tuition Remission (C&G Research)

Budgets should initially be setup per the terms and conditions of the award. Any budget revisions should also comply with those terms. During execution of a project the University only allows reallocation of any student funding to other student lines. Principal Investigators shall make efforts to spend the entirety of budgeted student support funds on student support. However, when nearing the end of a project and during closeout student funding can be reallocated to non-student budget lines to make prudent use of the funds to reconcile across budget lines. Reallocations from student support to nonstudent support lines must be approved by the Vice Chancellor for Research and Economic Development.

Any exceptions to this policy must be reviewed and approved on a case-by-case basis by the Vice Chancellor for Research and Economic Development. Such requests should be submitted in writing and contain a clear budget justification.

Approved by the Chancellor

Date policy is effective: upon approval
